A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.

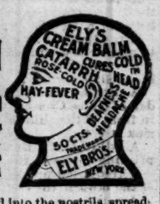
Dr. Pierce's Pleasant Pellets do not gripe. They effectually cleanse the system of accumulated impurities.

The People's Common Sense Medical Adviser, by Dr. Pierce, 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.

Nasal CATARRH

In all its stages.

Ely's Cream Balm



cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

THE TRIAL OF DR. BROUWER.

The principal feature of the testimony at yesterday's session of the trial of Dr. Frank Brouwer, at Toms River, N. J., accused of the murder of his wife by the administering of poison and ground glass, was the testimony of Prof. Frederick Genth, of Philadelphia, the expert chemist who analyzed the contents of the alimentary canal taken from Mrs. Brouwer's body. In his testimony, however, Dr. Genth, with reference to the jars in which the organs were placed, admitted that particles of glass found by him on the outside of the stomach had undoubtedly been broken off the jar in putting on or taking off the cover.

The testimony of Miss Irma Dudley, the nurse who attended Mrs. Brouwer, was sensational, and the taking of it was replete with dramatic incidents. She went on the stand late in the afternoon. In one hour she had told the story that the prosecution believes to be part of most damning evidence against the prisoner. In her testimony she said:

"When I was called to attend Mrs. Brouwer Dr. Brouwer told me she was ill," said Miss Dudley. "On the first day I got there I found her resting easily. On Friday she seemed to be getting along very well, when the doctor told me to put a peptine powder he gave me into her milk. She vomited immediately and said it tasted bitter.

"On the following Saturday the patient was feeling much better, had a normal pulse and a strong heart action. On that day Dr. Brouwer announced that he had to go away, but he left a nutritive injection to be administered to the patient composed, he said, of milk, eggs and whiskey."

"What happened after you had administered the injection?"

"Mrs. Brouwer got nervous rapidly, then she screamed in agony, drew up her legs, clamped her arms across her breast and threw her head back. Her whole body became rigid, and there was a succession of paroxysms."

The witness said that next day, Sunday, when Dr. Brouwer had ordered her to give the patient another nutritive injection, and stood by to see her do so, she allowed the liquid to slip away in the bed clothes and none of it touched the tortured woman. She was off duty when Mrs. Brouwer died early next morning, Miss Dudley said.

During all the strain of yesterday's trial Dr. Brouwer sat behind his attorneys, calm and unmoved. Only once did he show emotion, when Miss Dudley told of the death struggles of his wife, his eyes filled with tears.

The evidence which the prosecution proposes to introduce will attempt to prove that Dr. Brouwer murdered his wife that he might be free to marry another woman.

Toadstools Kill Nine.

Two children of the family of William King, a farmer living near Mumfordsville, Ky., are dead and a third is not expected to recover, while other members of the family have been seriously ill as the result of eating toadstools, which they thought were mushrooms.

The family several evenings ago gathered a quantity of what they supposed to be mushrooms and ate heartily of them at supper. Next morning two of the children were taken violently ill and by 2 o'clock in the afternoon the father also became affected in a similar manner. Before night every member of the family was in a serious condition. That night a boy 12 years old died, and the next morning a 6-year-old girl also succumbed. A third child is not expected to recover, but the other members of the family were out of danger at last reports.

During the last week seven persons have died in western Kentucky and southern Indiana as the result of eating toadstools. A Louisville family of five was poisoned, but recovered.

A cold is much more easily cured when the bowels are open. Kennedy's Laxative Honey and Tar opens the bowels and drives the cold out of the system in young or old. Sold by W. F. Creighton & Co., 401 King street.

Drowned by Flood.

Recent floods in the southern part of Jalisco and Colima, Mexico, have resulted in great destruction of property and loss of life. The number of fatalities from drowning along the Manzanillo extension of the Mexican Central Railway is 123. Thousands of tons of earth and rocks descended in great landslides from the mountains. The new steel railway bridge below Tuxpan was destroyed; a steam shovel weighing twenty-six tons was borne by the torrent for quite a distance. In one instance the water rose sixty feet. Many houses were destroyed in Tuxpan and Zapollic. Twenty five lives were lost in the Santiago river; fifteen were drowned by the capsizing of a boat while crossing the river. All were natives. It has been some time since there were such tremendous floods on the west coast.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky., He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemmorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by E. S. Leadbeater & Sons, Druggists 50c and $1.00. Trial bottle free.

MIDDLE LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for It. Two Relate their Experiences.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system.

For special advice regarding this important period women are invited to write to Mrs Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant before her decease, and for twenty-five years since her advice has been freely given to sick women.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Dear Mrs. Pinkham:—

"I had been suffering with displacement of the organs for years and was passing through the change of life. My abdomen was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the change of life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chestertown, Md.

Another Woman's Case.

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the female organs. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my bad symptoms soon disappeared.

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for other women at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Wife Would Leave Voice to Husband.

With death near at hand, Mrs. Edward J. Mungen, the wife of a wealthy oil operator of Fostoria, Ohio, talks daily into a phonograph so that when she shall have passed away her voice may cheer her sorrowing husband. Together the Mungens have made a tour of the world, and in each place of interest they visited Mrs. Mungen has recorded upon the cylinder her impression of the sights seen. Upon arriving at Denver Mrs. Mungen's first act was to repeat into the phonograph her impressions of the sights between there and Salt Lake. She has a little chest in which she keeps cylinders which contain comments neither her husband nor anyone else has ever heard. These will be repeated to him by the machine after Mrs. Mungen dies.

Factional Fight in Unions.

The factional fight which has been in progress for several months in the ranks of the teamsters' unions, in Chicago, has involved three building trades of that city and considerable trouble is anticipated. The teamsters are divided into two factions, one favoring Cornelius P. Shea, the other opposed to him. It is said that Shea has entered into an agreement with a number of the building trades by virtue of which they will refuse to handle any building material which is delivered at buildings in process of construction by any teamsters other than those supporting Shea. Several small strikes have already taken place on this account and more are looked for. Three hundred and fifty jewelry workers struck Monday in 32 shops where an eight-hour day was refused.

JEWELRY.

Going Housekeeping?

If so, you can hardly get along without spoons, knives and forks. The silver-plated are without a doubt the most economical in the end. They wear longer, look better and cost very little more than the ordinary kinds. We can even supply silver-plated knives with steel blades.

Your sideboard is hardly complete without a silver set. Silver cake and fruit baskets should also be placed there.

A candelabra with will brighten the table considerably. After the spread has been cleared off a silver fern dish should be placed on the table.

The necessary things in cut-glass are the decanter, the berry bowl and the celery dish. In a great many homes the ice cream is served on cut glass plates.

On your dresser place a traveling alarm clock and a sterling silver or silver-plated toilet set, also a hat and clothes brush.

You will find plenty use of a number of small silver-plated trays. One has always so many trinkets to take care of.

There should be a jewel case on the dresser, if only for appearance sake. Over night it is a good place to keep the watch and Z—K Gold Chain.

AND VIRGINIA ADVERTISER

WEDNESDAY EVENING. OCT. 10, 1906.

THE LIST of trades in the republican campaign book that benefit by the tariff is amusing, if not instructive. Of the twelve given, six, at least, are not and cannot be protected by the tariff, but they are all the victims of the high cost of living, for which the tariff is mainly responsible. If the inspired campaign book would explain how a carpenter, a farrier, a house painter, a plumber, a stone mason, a bootblack, a teamster, a ditch digger, a hotel employe, a domestic servant, a railroad operative, a retail grocer, a clerk, a lawyer, a newspaper man, a clergyman, a physician, or others that might be mentioned, benefit by the tariff, it might make votes. As it is, the absurdities of this inspired volume would seem to repel voters by misleading them.

THE SHIP-SUBSIDISTS have a new scheme to try and influence the minds of the young men of the country for that republican steal. The Merchant Marine League of Cleveland, Ohio, offers prizes of $400, $300, $200 and $100 for the best essays on "How to build up our shipping in the foreign trade." If this strikes the eye of any students of American high schools, colleges, technological schools, or universities, to whom the competition is confined, let him write an article favoring ship subsidy and he will find himself nearer being a winner of one of the prizes than if he took more constitutional or patriotic ground.

BECAUSE the Japanese whipped Russia there is a common impression that they are far superior to all western people, but there may be some mistake about this. A Yokohama paper charges that a part of the famine relief fund was embezzled, and that three prefects in north Japan are in prison for the offense, but this has been denied. Before the war closed there were some startling disclosures of corruption in connection with the erection of barracks and hospitals, and they involved officials very high in rank. It is just possible that the Japanese are human like the people of other nations.

A STRONG argument against government management of industrial undertakings is afforded by the experience of the commission which has been supervising the digging of the Panama canal. It is now announced that the work will be taken out of the hands of the government agents and experts and turned over to reponsible contractors. The contractors will get results, for the very sufficient reason that their own money is in it. The government as a builder is crippled for lack of this individual incentive. There is money in prolongihg a government job.

IN A BOOK just issued by Professor Mills, of Oxford, who is the leading authority on the oldest hymns of the Iranian faith, the old Persian inscriptions are compared with those sections of the Bible concerned with the proclamations of Cyrus for the rebuilding of the temple at Jerusalem. Thus he proves "the virtual authenticity of the Old Testament records and their harmony with the Persian inscriptions of Darius, who carried out the religious policy of his predecessor, Cyrus.

THE MERCHANTS' ASSOCIATION AT Hazleton, Pa., yesterday, dealt a staggering blow to the farmers' potato trust, when two carloads of potatoes were received and sold at 75 cents a bushel. The farmers in the surrounding valleys had decided to force potatoes up to $1 a bushel, notwithstanding that the yield has been larger and better than in years, but their trust "busted" when cheap potatoes were run in upon them.

THE "PARCELS POST" is being brought to the front again by Merchants League of American what says the adoption of the plan would mean "calamity to thousand of communities". If the express companies were made to carry parcels at reasonable rates, there would be no need for the government to go into the business.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Oct. 10.

The movement of the troops of the first expeditionary brigade towards Cuba continued all day yesterday and last night and it is expected at the War Department that several regiments will sail today from Newport News, Va., for Havana. Brigadier-General Wint, in command at Newport News, telegraphed the War Department this morning that the transport Admiral Sampson sailed last evening from Newport News with the second battalion and machine gun platoon of the 11th Infantry. Several of the organizations of the first expedition, which came from long distances, arrived at Newport News yesterday. All of these troops will be embarked for Havana by tomorrow night.

Captain Hamilton Ward, of Buffalo, N. Y., was this morning elected Commander-in-chief of the United Spanish War Veterans at their encampment now in session here. Other officers were elected as follows: Senior Vice Commander-in-chief, Henry W. Bush, of Michigan; Jr. Vice Commander-in-chief: Capt. Chas. W. Newton, of Connecticut; Judge Advocate General, John Lewis Smith, of the District of Columbia; Surgeon General, John O'Donoghue, M. D., of Massachusetts.

Oklahoma City, Okla., will entertain the next annual encampment of the United Spanish-American War Veterans, that place having been selected at today's session after a spirited contest with Richmond, Va., and St. Paul, Minn. The seven negro delegates from Virginia voted against their State capital.

In view of some criticism of the President on account of his not reviewing the parade of the United Spanish War Veterans yestersay, it was said that the President gave those in charge of the arrangements the choice of having the parade reviewed by himself, or of a reception to the veterans at the White House. Business prevented his granting both requests. The reception took place at 2.30 this afternoon.

Invitations for proposals to complete the Panama canal were issued yesterday by the canal commission, and the form of contract under which the work is to be done was made public by Chairman Shonts. The contract provides that each bidder must undertake the entire work of construction. Bidders will not be considered who do not have available capital of $5,000,000, and a bond of $3,000,000 will be required from the successful bidder.

No confirmation can be obtained at the State Department of the story that Charles Page Bryan, the U. S. Minister to Portugal, is to be dropped from the service.

The railroad companies of the country, through their traffic managers, and the Interstate Commerce Commission, reached a personal agreement today upon the question of preparing a uniform rate schedule. The railroads have agreed to select schedule experts to meet with experts to be selected by the commission, the entire body to be under the direction of the commission and advisory to it. The details are now being worked out.

Deeming quinine second in importance only to gunpowder in equipping her army and navy for campaigns in tropical climes, Great Britain, so Consul General Michael, of Calcutta, India, reports to the Department of Commerce, has undertaken to operate in India cinchona plantations from which quinine is obtained. "The wisdom of this," says Mr. Michael, "is emphasized by the American experience during the civil war, when the federal government was compelled to pay $5 per ounce for quinine, or, indeed, any price that was demanded, while the Confederate States could get very little at any price." The consul suggests that the United States government take up the industry, naming Porto Rico and the Isles of Pines, and possibly Alabama, as possible locations of profitable plantations.

Secretary Root is preparing an account of his trip around South America to be delivered in a speech which he has promised to deliver at Kansas City about November 20th. Announcement is made of the engagement of Miss Eleanor Kerfoot Sowers, daughter of Dr. and Mrs. Z. T. Sowers, formerly of Washington, to Major Samson Lane Faison, 24th Infantry, U. S. A. The wedding will take place in December at the home of Dr. Sowers, and later Major Faison and his bride will go to the Philippines, where he is stationed.

At the meeting of the Druggists National Convention this morning, the committee on transportation unanimously indorsed the new interstate commerce law as passed by Congress and stated that it was an instance of what public opinion could accomplish. John N. Carey, of Indianapolis, Ind., was elected president.

Death of Lucien H. Conen.

Lucien H. Conen, who was shot on the streets of Washington by Mrs. Jennie L. May, on Septembe 27, 1905, died at his mother's home at Louisville, Ky., last night. He had lingered beyond the year and a day fixed in the law prevailing in the District of Colnmbis fixing the limitation upon prosecution for homicide, and therefore, Mrs. May cannot be prosecuted for any higher crime than assault with intent to kill. According to the story told at the time of the shooting, it was done by the woman in defense of her reputation. She claims to have been both slandered and threatened by the young bandsman. Her husband was a member of the same organization. On the afternoon of September 26, 1905, Conen was returning from a band concert at the Capitol plaza, in which he had taken part.

He was met by Mrs. May and shot in the back with a revolver. His spine was fractured in several places by the bullet, and he was paralyzed from his hips down.

He was removed from a hospital in Washington to Louisville in the hope the change would save or prolong his life.

Mrs. May and her friends waited anxiously for news from Louisville on Sept 28 last. When Conen lived through that day, the hour of greatest anxiety for her had passed. She cannot now be placed on trial for her life. On October 1 the grand jury returned an indictment against Mrs. May, charging her with assault with a dangerous weapon with intent to kill. Mrs. May is now at liberty.

Southern Railway Meeting.

The thirteenth annual meeting of the stockholders of the Southern Railway Company was held at the offices of the company in Richmond yesterday. Col. A. B. Andrews, first vice president of the company, acted as chairman of the meeting. One million seven hundred and ninety-nine thousand three hundred and fifty-four shares of stock, out of a total of 1,800,000 shares, the total capital stock outstanding, was represented in person or by proxy.

The annual report for the fiscal year ended June 30, 1906, was read and approved. The action of the board of directors at the meetings held since the date of the last annual stockholders' meeting was ratified and confirmed.

Alexander B. Andrews, Joseph Bryan, Robert M. Galloway and Samuel M. Inman were elected directors of the third class, to hold office for a term of three years.

Odd Fellows' Home.

The board of trustees of the Odd Fellows' Home, in session in Lynchburg yesterday, decided to erect an additional dormitory for the orphanage, which is located near there, to give the institution facilities to accommodate eighty children. Other improvements, together with the Old Folks' Home, which is already under way, will cost $6,000. The board reorganized for the coming year by the election of the following officers: President, Hill Montague, Richmond; Vice-President, Bradshaw, Alexandria; Secretary, Charles Polig, Phoebus; treasurer, H. A. Robinson, Lynchburg. There are fifty chicldren at the arphanage now.

Chief Justice Clabaugh in Washington yesterday directed that a rule be issued requiring the Washington Herald to show cause on the 19th instant why the petition of A. J. Wedderburn, jr., to restrain the use of the word "Herald" in the name of the newspaper should not be granted.

A suit was entered yesterday in the Circuit Court for Baltimore county by Miss Susie Wheeler, of Arlington avenue, Govanstown, against Rev. Edward B. Waltz, of Williamsport, Pa., for alleged breach of promise of marriage. Miss Wheeler, 45 years old, of Govanstown, was wooed by Rev Edward B. Waltz, a Baptist minister, 68 years old. Mr. Waltz proposed marriage by letter and she accepted in the same way. Differences arose and the match was broken off. She sued for $25,000 for breach of promise and the case is on trial at Towson.

In sensational divorce revelations, in which Chicago society women are portrayed in gay roles, two sisters have been accused of indiscreet conduct and participation in wild escapades. On the same day Samuel W. Allen, a broker, accuses his former wife in the Chicago courts, and Maj. Lorenzo Dovison, in the Waukegan courts, answers to his wife's suit for divorce by charges that she was too friendly with a member of the board of trade. The two women are sisters, the daughters of Michael Shannon. Both have been socially prominent in Chicago and Washington, as well as at lake resort. Mr. Allen makes his revelations in answer to his divorce wife's petition for the custody of their twelve-year-old child.

Miss Emily Addison, daughter of W. B. Addison, of 200 east Grace street, Richmond, was married yesterday afternoon to Gray Langhorne, of Lynchburg. The ceremony was performed at the home of the bride. Rev. William Meade Clarke, rector of St. James Episcopal Church, performed the ceremony. The young couple will make their home in Roanoke.

Terrific Explosion.

By an explosion of 500 kegs of powder in the dry house of the lower mills of the H. A. Weldy Powder Company, about three-quarters of a mile from Tamaqua, Pa, four men were killed and two probably fatally injured. The exact cause of the explosion is unknown.

A woman in a field about 500 yards from the dry house says she saw a huge tongue of flame leap toward the sky, followed a second or two later by a terrific report that caused the earth to rock. A moment later there was a second report; and the spot where the glaze house stood was swept clean and the earth and rocks seared. A man named Dewire was painting a bridge that spans the Schuylkill about seventy-five feet from the dry house; a piece of timber struck his leg at the knee, severing it as though it was paper. The mass of bone and flesh was hurled fifty yards, where it struck the corner of a shed, spitting an inch plank and landing on the inside. Dewire was thrown into the water, which is about four feet deep, but managed to swin to the shore, where Ernest Litzelo, of Shamokin, and Scott Krabs, of Winfield, who were working with him, came to his assistance. He is now in the Ashland Hospital in a critical condition.

The shock of the explosion was felt for a distance of ten miles. All the trees of the mountainside, at the foot of which the dry house stood, were denuded. When the rescuers reached the scene, pieces of flesh and clothing hung on the bare limbs. A torso was found lying alongside the road almost a quarter of a mile from the scene of the explosion.

Following the explosion, the keg house, situated about fifteen yards from the glaze house, caught fire and was consumed. The charred remains of Wilson Sassaman were found in the ruins. The bodies of Purcell, Traeisbach, and Gerber were blown to pieces. Irvin Sassaman says he had just gone out of the dry house when the explosion occurred. He was horribly burned, and jumped into the dam. He managed to make his way to the shore, where he was met by the rescuers. The mill was owned by the H. A. Weldy Powder Company, which is owned by the Dupont Powder Company.

Today's Telegraphic News

Morocco Renders Satisfaction.

Tangier, Morocco, Oct. 10.—Satisfaction for the recent ill treatment of a trader named Slaovi, a protege of the American legation in Morocco, has been reported by Minister Gummere as the result of his visit to Fez. The Moroccan government has promised to comply with every demand made by the United States in connection with the abuse of Slaovi. In securing this concession from Morocco, Minister Gummere has broken all records for settling a dispute with the Sultan and his achievement is the talk of diplomatic circles. Usually it takes months before anything like a promise of satisfaction can be extracted from a government whose policy is to put off yielding to any demands made upon it by another power as long as possible. Mr. Gummere's representations were so strong, however, that the government evidently was afraid to resort to its usual tactics of delay in this case. An apology has been offered by Morocco to the United States for the mistreatment of its protege and the officer responsible for the outrage has been imprisoned. Morocco has also agreed to a monetary settlement in the case, and the amount will be fixed shortly.

Believes He Was Cremated.

Flemington, N. J., Oct. 10.—A horrible theory has been advanced by Coroner George M. Pidcock to account for the manner in which the man whose skeleton was found in a heap of ashes on Asbury Mountain met his death. He believes the man was caught by robbers, bound hand and foot, and then thrown alive into the fire. The coroner is convinced that the skeleton is that of Frank T. Hopkins, of Newark, member of the firm of Hopkins & Apger, who has been missing since July 21. Bits of burned rope were in the cinders and about the leg bones which were not destroyed. It is not believed robbers would have tied the legs of a dead man before throwing the body on the fire. Hopkins left Newark on the night of July 21 to see his wife and child who were visiting on the mountain, a mile from where the skeleton was found. He never reached there, and no trace of him has ever been discovered. The size of the shoes found in the ashes, the color of hair and the clothes he wore when he disappeared correspond to the decription of Hopkins.

Motor Cars vs. Balloons.

Berlin, Oct. 10.—This morning four balloons and sixteen motor cars started in a race, four cars following each airship. The autos were given twenty minutes in which to reach the balloons after they land, the arrangement being that if they shall succeed in "tagging" the balloon within the time limit they will win the race. The military theory which the Kaiser desired to work out is the ability of motor cars to overtake balloons which might be used to send communications from a besieged city to distant allies. The motor cars are supposed to belong to the besieging army and their object is to prevent the delivery of the messages to the enemy. More interest was added to today's contest by the fact that Prince Henry of Prussia, Kaiser Wilhelm's brother, participated. He was in a motor car in pursuit driven by himself. Fully 100,000 spectators were attracted to the scene of the start to witness the novel contest.

Compelled to Remove Her Hat.

New York, Oct. 10.—There was a scene not on the program at the performance of Mlle. Modieste last night, and Mrs. Reggie Vanderbilt was the principal performer. Four ushers and the persuasive manager of the Colonial Theatre took minor parts. A picture hat was the cause of it all, and Mrs Vanderbilt wore the hat. Strategy finally won the victory over the owner of the hat in the effort to remove it. Mrs Vanderbilt occupied a seat in the box of Mrs. Hollis Hunnewell. They entered late and kept their hats on. A rule of the theatre forbids this. An usher was sent to request the removal of the millinery obstruction of the stage views. Mrs. Hunnewell complied, but Mrs Vanderbilt refused. The manager appealed to her without any greater success. Then a procession of ushers made the march to the box with the same request. The audience assisted with polite laughter over the side performance and off came the hat.

More Boxer Trouble Feared.

Victoria, B. C., Oct. 10.—Another serious outbreak by Boxers is threatened in China, according to advices received here. In the districts west of Pekin outrages have already been committed by organized bands of Boxers. News of the Boxers' movements comes in letters from Mr. Stephenson, a missionary at Tsouinhein. He says the Boxers have been drilling in the hills for months in preparation for an attack on foreigners. He sends details of an attack on the Tsouinhien when Boxers, armed with spears and swords, rushed into the city crying, "kill the foreigners." The missionaries and four women sought safety at the home of a magistrate. A German military officer traveling in the country organized a small force of native soldiers, armed with guns, and in a fight killed eleven of the Chinese, wounded a score or more, and took forty-two prisoners.

Will Decline Nomination.

Boston, Oct. 10.—John Moran, nominee for governor on three tickets, democratic, prohibition and independence league, may decline to run on any. The democratic managers were in a quandary this morning. Yesterday Mr. Moran, upon returning from New York, announced that he would decline their nomination because, contrary to his expressed wishes, the platform endorsed the presidential candidacy of Bryan. Behind this reason lies the fact that the Bryan plank has alienated William R. Hearst, who is supposed to have resisted Mr. Moran's appeal for campaign funds.

Devil's Island Torture.

Allen and John H. Gray. Funeral Thursday, October 11, at 12 o'clock, from the late residence, 463 Missouri avenue, Washington; thence to Roberts Chapel, Alexandria. Friends and relatives invited.

National Afro-American Council.

New York, Oct. 10.—That serious race troubles are bound to result, unless the abuses practice against negroes in the South are speedily terminated, has been asserted by numerous speakers in addressing the National Afro-American Council now in session in this city. Disfranchisement of negroes and the mobbing of black men were denounced in vigorous language. One of the most noted of the prophets of future disaster was Bishop Walters, president of the council, who said: "A terrible struggle is sure to come between the colored and the white races if the South keeps on disfranchising the negroes and mobbing them." Bishop Walters attacked Senator Tillman and Thomas J. Dixon, author of "The Clansman," as vile and archleaders of race prejudice.

Rev. George W. Lee, a Washington preacher, declared he would use force to stop the cruelties to his race if he had the power to do so. Said he: "There are upwards of 10,000,000 of us. The South is scheming to keep us down, not because we are incapable of refinement and education, but because we are of the black race. Just as certain as the South keeps this thing up something is going to happen." The main purpose of the meeting now in session is to raise funds to fight the "Jim Crow" and disfranchisement laws of the Southern States.

Estimates of Rival Parties.

New York, Oct. 10.—A sign of progress in the New York political campaign today was that wiseacres on both sides have begun to make estimates. The Hearst people are elated over the estimate published in Collier's Weekly yesterday, which is anti-Hearst, that their candidate would get one-third of the normal republican vote. They expect a heavy desertion of old line democrats, but believe the balance will be in their favor. New York State above the Harlem river, which usually gives anywhere from 60,000 to 100,000 republican plurality, they say, will break even between Hughes and Hearst, and that Hearst will have 80,000 plurality below the Harlem river, consequently will be elected governor by about 80,000 votes. Of course republicans treated the estimate with derision. Their own figures are that Brooklyn, which last year gave Hearst 12,000 plurality in a three-cornered contest, will give Hughes 20,000 plurality, and that Hearst will not get to the Harlem river with more than 40,000 votes at the outside. As to the republican plurality up the State, they say that instead of being normal level they will gain so many democrats, and at the same time hold their own votes so closely, that they will come down to the Harlem river with at least 120,000 plurality. Of these figures, therefore, Hughes will be elected by 80,000.

Dr. Brouwer's Battle for Life.

Toms River, N. J., Oct. 10.—When Dr. Frank Brouwer appeared in court today, to take up again the battle for his life, he was confronted by the same witness, Miss Emma Dudley, the nurse who told yesterday of the convulsions that followed close on the administration to Mrs. Brouwer of the nourishment prepared by the physician himself.

Miss Dudley took up her story where she left off last night. She said Mrs. Brouwer, after the first convulsion, was very thirsty. She also told of saving a bottle of the patient's wine, at Dr. Brouwer's orders, and she placed it in the bathroom. She met Brouwer coming out of the bathroom. Five minutes after this bottle was gone. The hardest fight of counsel came when Aaron Johnston, of counsel for the prosecution, asked the witness about a conversation between Mrs. Brouwer and Dr. Brouwer concerning Miss Stella McClenahan, of whom Mrs. Brouwer was said to be jealous.

This alleged conversation took place on the Saturday just before the doctor mixed the nourishment which was followed by Mrs. Brouwer being stricken with convulsions, from which she was only saved by the efforts of three physicians.

The court refused to allow the evidence, and the cross-examination was begun by Mr. Wilson.

Miss Dudley admitted on cross-examination that peptonized milk might be bitter and be all right that a bottle of it standing in the refrigerator might become bitter. The witness said that she got the impression that when Dr. Brouwer came to her weeping and using his handkerchief, that it was a pretense—not real weeping.

Alleged Murderers Pardoned.

Havana, Oct 10.—Governor Taft's action in including the alleged slayers of former Congressman Villuendas, who was killed last year at Cienfuegos among the political offenders to whom amnesty has been extended, seems likely to lead to serious trouble. It is reported that Villuendas' friends will start a feud which will not end until all the men accused have been killed.

Generally, the amnesty proclamation has been favorably received.

Governor Taft in deciding to include Villuenda's alleged slayers among the political prisoners slated for freedom, compared the attack upon him with the killing of several railroad guards at Guanabacoa, early this year, which has been regarded as the real beginning of the revolution.

World's Baseball Championship.

Chicago Oct 10.—The second scene of the baseball series being played between the Cubs and Sox for the world's baseball championship will be enacted on the South Side grounds of the latter aggregation this afternoon before another crowd of frantic fans. The victory of the Sox over the Cubs in the opening game Tuesday has increased the enthusiasm of the Sox admirers fully 75 per cent.

Suicide of Alleged Mail Robber.

Newark, N. J., Oct 10—Rulof Brogaw charged with robbing mails who was to have been arraigned before Commissioner Shields, in New York, today, committed suicide this morning at his home. He was arrested a week ago at the New York postoffice where he was employed.

Snow in Ohio.

Cleveland, O., Oct. 10.—Snow to the depth of two inches has fallen about here since last night. Snow is still falling.

American Shipbuilding Company.

Jersey City, N. J., Oct. 10.—Stockholders of the American Shipbuilding Company this afternoon held their annual meeting and reelected the old board of directors, who in turn reappointed the present officers. The company has built thirty vessels and now has under contract 43 vessels. The earnings last year were $2,443,217.04.

Many a man of humane impulses, who would not willingly harm a kitten, is guilty of cruelty where his own stomach is concerned. Overdriven overworked, when what it needs is something that will digest the food eaten and help the stomach to recuperate. Something like Kodol For Dyspepsia that is sold by W. F. City Council.

The session of the City Council last night was about an hour in duration. Most of the business transacted was of a routine nature. An ordinance reducing the price of gas was passed by both boards.

BOARD OF ALDERMEN.

All the Aldermen were present and they were of one accord, the business presented occasioning no debate and the votes having been unanimous.

Mr. Curtin presented a petition of sundry citizens for the improvement of Payne street, between Cameron and Princess. It was referred to the committee on streets.

Mr. W. H. Sweeney, from the finance committee, submitted a favorable report on a resolution, introduced by Mr. Simpson August 28, providing that a debt of $5,000 incurred by the City School Board be paid by a similar sum received by the sale of the electric light franchise. The report was adopted by a unanimous vote.

Mr. Sweeney also introduced ordinances authorizing and directing the Alexandria Electric Company to execute a bond from year to year, which were passed.

He also introduced a resolution providing for the sale of city property upon which taxes are due and unpaid to June 1, 1906, the sale to take place December 17.

Mr. Ballenger called attention to the fact that the committee on streets has, so far, made no report on a resolution introduced some time ago looking to the improvement of Queen street, from Pitt to St. Asaph.

The action of the Common Council on a number of papers which had been sent in was concurred in, after which the board adiourned.

COMMON COUNCIL.

The board was called to order shortly before 8 o'clock, and the reading of the minutes was dispensed with.

The committee on light reported in favor of an increase of the discount on gas bills for prompt payment. Heretofore the rate has been $1 30 per thousand feet, with a rebate of 10 cents for prompt payment. The committee reported in favor of making the discount 20 cents per thousand feet.

Mr. Birrell moved to make the reduction 30 cents so that the price would be $1 per thousand feet.

Mr. Uhler explained that this would mean a reduction of $4,000 in the revenue and he said the expenses of the gas works had largely increased.

Mr. Birrell thought that at present the gas consumers pay too large a proportion of the cost. He, however, would not press his motion

Mr. Spinks hoped that some provision would soon be made for those who wish to use gas for cooking purposes.

Mr. Leadbeater laughingly said he was opposed to a reduction in the price of gas, as such reduction invariably resulted in larger gas bills.

The report was unanimously agreed to.

The reduction means gas at $1.10 per thousand to those who pay their bills within the time limit.

A bill of G. H. Ramey & Son for printing the State tax list was referred to the committee on general laws as there was a question as to whether the city or State should pay the bill.

The Mayor in a message urged that additional electric lights be put up when the new company takes charge of the street lightning and the matter was referred to the committee on street and light.

The sum of $25 was appropriated for a gutter at Princess and Henry streets.

The vestry of Grace Church asked for a grade in front of that church. The vestry complained that it had been impossible to secure from the city engineer an established grade in front of the church, and stated that a dangerous and unsightly sidewalk would be replaced with a modern pavement as soon as the grade could be obtained.

Mr. Leadbeater, chairman of the committee on streets, said the committee was partly responsible for the delay, as it had wanted something better than a dirt street in front of Grace Church.

Mr. Marshall and Mr. Spinks said that the city engineer should establish because we are incapable of refinement the grade, and allow the improvement to the sidewalk to proceed.

The chair suggested that Council alone could establish grades and the matter was referred to the committee on streets with direction to report at the next meeting.

A petition asking an appropriation to improve the sidewalk on Lee street between King and Prince was referred.

P. F. Gorman was allowed to reshingle his house and make a frame improvement.

A petition for the improvement of Union street and certain alleys running therefrom to the river was referred.

A communication from the State auditor, advising Council that after February 1, 1907, the salary of the judge of the Corporation Court, under the law, will be $2,500 per annum, one-half to be borne by the State and the other half by the city, was received.

A resolution to increase the pay of laborers employed by the city from $1.25 to $1.50 per day was offered by Mr. Strauss, who said the cost of living had increased to a considerable extent in the past several years. The matter was referred to the committee on streets without discussion.

Mr. Birrell offered a resolution providing for the codification of the ordinances of the city, and asked that the matter be referred to a special committee, composed of three members of the Common Council and two members of the Board of Aldermen. He said the laws had not been codified since 1874. The chairman suggested that the matter be at first referred to a regular committee, and, by consent, referred the matter to the committee on finance and general laws.

A petition of J. F. Rodgers to be allowed to rebuild a bay window at No. 611 King street, six inches nearer the building line than the present window was referred after it had been stated that the present window extends nearly two feet outside the building line.

An order for the sale of real estate delinquent for city taxes on June 1st, 1906, was passed.

An ordinance authorizing the Alexandria Electric Company to renew its bond of $10,000 at the end of each year was read and adopted. It was explained that the bonding company would not provide a bond for a longer period.

Council received from the Aldermen a report from the finance committee in favor of using $5,000 of the amount received by the city from the sale of the electric franchise for the purchase of the outstanding note against the City School Board. It was ruled that this was equivalent to an appropriation, and the matter went over until the next meeting.

A number of petitions were granted without debate and after a session lasting about an hour Council adjourned.

Official.

BOARD OF ALDERMEN.

At a regular meeting of the Board of Aldermen of the city of Alexandria, Va., held October 9, 1906, there were present:

J. T. Sweeney, esq., President, and Messrs. Hill, Burke, Marbury, Ballenger, Simpson, Curtin and W. H. Sweeney.

Mr. Curtin presented a petition of W. H. Peck and others praying Council to have the gutters paved, curb set and a gravel roadway constructed on Payne street, between Cameron and Princess, which was referred to the Committee on Streets.

Mr. W. H. Sweeney from the Finance Committee, submitted a report on a resolution providing that a part of the sum received from the sale of the electric franchise be devoted to the payment of an outstanding debt of $5,000 incurred by the City School Board, which was adopted by a unanimous vote.

Mr. Sweeney also submitted two ordinances authorizing and directing the Alexandria Electric Company to execute a bond from year to year. They were passed by unanimous votes.

Mr. Sweeney also introduced a resolution, which was passed by a unanimous vote, providing for the sale at public auction on Monday, December 17, 1906, at 10 o'clock a. m., of real estate in the city of Alexandria on which taxes are due and unpaid to June 1, 1906.

A report of the Committees on Finance and Light on a resolution reducing the price of gas after January 1, 1907, was received from the Common Council and laid on the table.

The following were received from the Common Council and their action concurred in by unanimous votes:

A petition of sundry persons for the improvement of the square on Prince street, between Union and the river.

A petition of sundry merchants in regard to the condition of Union street.

A petition of sundry persons asking for the improvement of sidewalks on Lee street, between King and Prince.

A petition of J. F. Rodgers for permission to renew show windows at 611 King street.

A resolution fixing the pay of street laborers to $1.50 per day.

A petition from Charles King, senior warden of Grace Church, for an established grade in front of the church property on south Patrick street.

A bill of G. H. Ramey & Son, $187.50, for printing copies of the tax lis.

A resolution providing for the codification of the laws of the city.

A petition of Dr. E. A. Gorman to erect an addition to house No. 1110 Prince street.

A petition of P. F. Gorman to renew a shingle roof on the back building and to repair the shed of house No. 220 south Lee street.

A petition of M. B. Harlow & Co. for permission to erect another story to the back building of house No. 310 King street.

A resolution appropriating $25 for the purpose of laying a gutter on the east side of the intersection of Princess and Henry streets.

A communication from Morton Marye, Auditor of Public Accounts, in reference to the salary of the Judge of the Corporation Court.

A communication from F. J. Paff, Mayor, in reference to electric lights of the city.

An ordinance reducing the price of gas.

The board then adjourned.

J. T. SWEENEY, President.

COMMON COUNCIL.

At a regular meeting of the Common Council of the city of Alexandria, Va., held October 9th, 1906, there were present: Hubert Snowden, esq., President and Messrs. Leadbeater, Burke, Bisheill, Strauss, Brill, Faader, Birrell, Boothe, Hellmuth, Harrison, Uhler, Marshall and Spinks.

A communication from the Mayor requesting that the placing of lights by the Alexandria Electric Company be referred to the proper committee to designate the location and number of lights was received and referred to the joint Committee on Light and Streets.

A communication from the Auditor of Public Accounts relating to the salary of the Judge of the Corporation Court of the City of Alexandria was received.

The joint Committee on Light and Finance, reported that on and after the 1st day of December, 1906, the price of gas shall be $1.30 per thousand feet, with a discount of 10 cents on each thousand feet for prompt payment, and the report was adopted—ayes 14, noes 0.

An act to amend an act passed by the City Council, June 27, 1899, reducing the price of gas was read the first, second and third times and passed—ayes 14, noes 0.

A resolution by Mr. Birrell appropriating $25.00 to lay a gutter on the east side of the intersection of Princess and Henry streets was passed—ayes 14, noes 0.

A petition from M. B. Harlow & Co., to place an additional story on rear of building, 310 King street, was granted.

Permissions were granted to reshingle back building of Mr. P. F. Gorman's house at 220 south Lee street, and to Dr. E. A. Gorman to erect a one story frame addition with shingle roof at 1110 Prince street, providing there is no objection from adjoining property owners.

A resolution by Mr. Birrell requesting that a special committee be appointed to consider and report upon the advisability of codifying the ordinances of the city, the cost of same, and printing, was referred to the joint Committee on General Laws and Finance.

A bill from Ramey & Son against the City Treasurer's office for 30 copies of the tax list, $187.50, was referred to the Committee on General Laws.

A petition from the vestry of Grace Church requesting that the city establish a grade in front of their church property, so that they can reset the curb and lay cement pavement was referred to the committee on Streets, with instructions to report at next meeting.

The following was referred to the Committee on Streets:

A resolution by Mr. Strauss increasing the salary of laborers on street work to $1.50 per day.

Also a petition from Joseph F. Rodgers to renew show windows at 611 King street.

Also a petition from Chas. King, Henry Binder and twelve others requesting that the side walk on the west side of Lee street, between Prince and King streets, be placed in good condition.

Also a petition from the Mutual Ice Co., H. K. Field & Co., and thirteen others calling attention to the condition of the Union street tracks of the Southern Railway Company, and requesting the City Council to take action in the matter.

Also a petition from F. S. Harper, H. Kirk, jr., and twenty-four others requesting that the square on Prince street, from the east intersection of Union street to the river be paved.

An ordinance authorizing and directing the Alexandria Electric Company to execute a bond from year to year was received from the Board of Aldermen and read three times and passed—ayes 14, noes 0.

A resolution directing the Collector of taxes to sell real estate on which taxes are due and unpaid to June 1st, 1906, in conformity with the city charter was received from the Board of Aldermen and their action concurred in.

A petition from Wm. H. Peck and nine others to repair gutters and roadway on Payne street between Cameron and Princess streets, was received from the Board of Aldermen and their action concurred in.

A report of the Finance Committee recommending that the $5,000 paid for the electric light franchise be placed in the sinking fund for the purchase of a note drawn by the City School Board and now out-standing, was received from the Board of Aldermen and laid over under the rules.

The Board then adjourned.

HUBERT SNOWDEN, President.

Weather Probabilities.

For this section partly cloudy tonight, with frost in exposed places. Thursday fair, with slowly rising temperature; fresh westerly winds.

The Tie-up of Steamers.

The most interesting development since the tieup of the steamers of the Baltimore, Chesapeake and Atlantic and the Maryland, Delaware and Virginia Railway Companies began on Monday of by a committee of the captains last week was the sending of a letter late yesterday afternoon to Capt. Willard Thomson, vice president and general manager of the two lines involved by Rescue Harbor, No. 14 of Baltimore, requesting a conference with a view to adjusting their differences.

In conformity with Captain Thomson's oft repeated declaration that he was ready and anxious to treat with his own men individuality, or with a committee constituted of his present or former employes, the committee was composed of two of the oldest captains of the fleet and one of the most expert of the younger captains of the combined fleets.

Captain Thomson has prepared an answer, which will be forwarded to the committee sending the first communication today. Among other things Captain Thomson will say: "I will meet you three gentlemen, whether alone or with any other present or former employes of the companies, and discuss the request you made as to wages at any time you may name, provided it is understood that I meet you as present or former employes of the companies and not as representatives of the local harbor or any other association whatever."

Those persons who heard of the reply made to the petition of the masters took a pessimistic view of the situation, stating that they did not believe that the men whose resignations have been handed in will waive their right to appear as a committee from a purely beneficial organization.

Opera House.

Another crowded house last night witnessed the production of "The Shadow" by the Corinne Runkel Stock Company at the Opera House and went away well pleased with the evening's performance. Throughout the four acts of the drama the participants were heartily applauded for their exceedingly clever work. This is by far one of the best melodramas seen in this city for many years and contains many thrilling scenes; notably, the poisoning scene. The specialties were again pleasing, especially that of Dave Runkel. Tonight the company will produce the clever detective melodrama, "The Counterfeiters," a play abounding in thrilling scenes and good comedy lines. Owing to the sickness of Mr Breton last night the celebrated specialty of the Breton-Runkel Trio was postponed until tonight, when it will be given in its entirety. Tomorrow night the attraction will be "Queen's Evidence," the hit of the engagement.

Organ Recital.

As was anticipated, a most delightful evening was spent by all those who attended the organ recital at St. Paul's Church last night. Dr. Bischoff, of Washington, played a varied and brilliant programme and showed himself a master of the organ. He was particularly effective in his second selection "Religious Meditation" by Gottschalk. He expressed himself as greatly pleased with the organ and complimented the church on possessing such a fine instrument. He also spoke most enthusiastically of the work of the choir of the church. The vocal soloist was Miss Birtie Thompson of Washington. Her selection was the well known Aria from Corta's "Eli." Miss Thompson possesses a sympathetic voice of wide range, power and sweetness. It is hoped that Dr. Bischoff will in the near future give another recital.

Refused to Prosecute.

Officers Knight, Lyles, Beach and Arrington soon ascertained the names of the persons who amused themselves last Monday night by cutting the ropes of awnings on King street. The practical jokers proved to be six young men, and they were cited to appear before the Police Court this morning and show cause why they should not be fined for defacing property. Later the proprietors of the stores announced that they would not prosecute the offenders, as the damages had been paid, and the matter was dropped by the authorities.

The Machinists' Strike.

The strike situation among machinists of the Southern Railway was unchanged at a late hour last night. The machinists maintain a firm stand, and declare that they will not return to work unless the company accedes to their demands for an increase of 2½ cents an hour and a nine-hour day. A. S. Stewart, mechanical superintendent of the company, was in continual conference in Washington yesterday with W. W. Finley, second vice president of the Southern Railway, and with W. D. Spencer, general manager.

Sudden Death.

Mrs. Susan Webster, widow of Charles Webster, died suddenly late yesterday evening, at the residence of Mr. James McWilliams, northwest corner of Duke and Fairfax streets. The deceased was 57 years old. She was a daughter of the late Elijah Horseman, and a sister to Mrs. Jennie Bringle, who died September 22.

Suit for Damages.

Because of severe injuries which she says she received in March, 1905, when a car on the line of the Washington, Alexandria and Mount Vernon Railway Company was derailed about a mile out of Mount Vernon, Mary Lukens, in the Supreme Court of the District of Columbia, yesterday sued for $5,000 damages.

Visiting Firemen.

The Marion Hose and Steam Fire Engine Company No. 10, of Reading, Pa., which was mentioned by the Gazette to arrive here this morning from Norfolk was delayed. The company will be here Thursday morning, Mr H. A. Downham, Secretary of Fire Wardens, having received a dispatch to that effect.

The water mains will be flushed on Friday morning next.

Alexandrian Loses $3,500.

Mr. Henry Crump, messenger of the First National Bank, of Alexandria, reported to the Washington police this morning that he had lost $3,500 of the bank's money while in the Treasury building. He says the package in which the money was contained was addressed to the American National Bank, of that city. Mr. Crump, when he returned to this city reported that he felt confident he had lost the money through a hole in his pocket.

To Hold the City Liable.

Mr. Ernest H. Collins, of Lynchburg, a special insurance agent, was in the city today to look after the losses growing out of the shipyard fire in this city early on Sunday morning last. It is understood that some of the insurance companies which sustained losses will endeavor to hold the city reponsible for such losses on the ground that the fire department failed to perform its duty and was grossly negligent in getting to work on the occasion of the fire.

Indecent Assault.

It is reported that two little girls who live in the First ward were accosted near the corner of Duke and Washington streets early last night by a young colored man who seized one and acted in a very indecent manner toward her. The other girl ran and screamed when the man released his hold on her companion and made off.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow afternoon at 3 o'clock at the Children's Home on Duke street.

The regular weekly prayer meeting will be held at 7:30 p. m. at the Children's Home on Duke street.

Alexandria Electric Works.

The work of preparing the buildings at the foot of Wolfe street for the Alexandria Electric Company is in progress. The comparatively new build on the south of that on Wolfe street is being fitted up for the power house of the new company.

LOCAL BREVITIES.

There were no cases for trial in the Police Court this morning.

As heretofore stated, Old Dominion Commandery, K. T., will be inspected tonight. Should the weather be fair the Commandery will parade on King street.

Dr. Harrison Smith will leave here tonight for New York, whence he will set sail for Panama, where he has secured a position in the United States Hospital service.

The remains of the other horse which was drowned in the ferry slip at this port last Monday week, was this morning found in the slip at Washington, where it had been dragged by the ferry boat.

A cold northwest wind set in yesterday evening, and rain followed early in the night. The weather today has been fair with a crisp breeze. At 7 o'clock this morning the thermometer iudicateJ 44° at noon it had risen to 56°.

The corporation commission has granted a charter to the Northern Virginia Baptist Association, Alexandria. The incorporators are D. G. Henderson, of Alexandria; R. P. Dawson, Middleburg; D. W. Jones, Warrenton. No capital stock is named.

Fatal Practical Joke.

Mayor Charles Smith, of Brooklin, W. Va., lies dead at the Holley Hospital in Hinton, and his wife is at the point of death in the hospital ward of the county jail, charged with his murder. The tragedy was caused by a practical joke. Mrs. Smith has always been jealous of her husband. On Monday night he had a neighbor named Medley dress up as a woman and come to his front gate after dark to ask him to take a walk. Medley did so, imitating the voice of a woman, talking so that Mrs. Smith could hear. Taking a pistol, she followed the two on their stroll up the street. Aware that they were being followed, Smith and Medley made desperate love to each other.

Calling to her husband, Mrs. Smith leveled the revolver, and as he turned, she fired, the bullet striking him in the abdomen and ranging upward through the lung, producing a fatal injury. Mrs. Smith then turned the pistol on herself, but the bullet only tore a ragged gash down her side and entered the leg, where it severed the main artery. She bled nearly to death before the flow could be stopped, and she is not expected to recover.

American League Club Victorious.

The Chicago team of the American League won from the National League pennant-winners at Chicago yesterday by a score of 2 to 1 in the first game of the world's championship series. The game furnished a fine sample of modern baseball, wherein the fine points of the game are more in evidence than the slugging of other days, but it was an error of puerile character which gave the American League team its winning margin.

New York Stock Market.

New York, Oct. 10.—The stock market was generally strong again today with speculation on the bull side concentrated.

If an article is imitated, the original is always best. Think it over, and when you go to buy that box of salve to keep around the house, get DeWitt's Witch Hazel Salve. Russian Affairs.

St. Petersburg, Oct. 10.—Russia probably will never have another meeting of the douma.

In circles close to the government the opinion prevails that the douma will not be summoned for at least two years.

The government now feels strong enough in view of the loss of influence sustained by the constitutional democratic party through its back down in its national convention meeting in Helsingfors, to attempt a resumption of arbitrary rule.

It is estimated that in two days, since the action of the constitutional democratic convention became known, the government has gained greater prestige than it has had at any time within two years. The hopes of the people generally have been shattered by the convention's abandonment of strong opposition to the government in the face of threats from the authorities. They feel that they have been betrayed.

Lodz, Poland, Oct. 10.—Serious trouble is expected here as the result of the course adopted by the socialists in declaring a general strike as a protest against the drumhead court martial system inaugurated for dealing with alleged revolutionists.

Unusual success has attended the efforts of the socialists to bring about a general strike and today business is at a standstill. All factories are closed. Street cars are not running and no newspapers have appeared. The schools also have been compelled to close.

Troops have been dispatched here to prevent the strikers from creating disorders.

Twenty-one terrorists have been executed in Poland within the last three days. The last executions occurred today when five men were hanged.

Capture of the Yacht Frolic.

Providence, R. I., Oct. 10.—The yacht Frolic, sought by revenue and immigration officers along the whole New England coast for the past few weeks, was captured early this morning. Fifteen of her Chinese passengers are now in the Providence police station while the authorities are searching for some twenty or twenty-five more believed to have been landed before the yacht was discovered. Two of the boat's crew, E. H. Jenkins, of Boston, and W. A. Duncan, of Somerville, both under age, have also been arrested as well as a man who is believed to be leader of the expedition. The Frolic put in to the local harbor yesterday afternoon disguised as a fishing boat.

Suit for Damages.

London, Oct. 10.—Charging injury to her professional and artistic reputation, Edna May, the American comic opera performer, who recently resigned from the cast of the Belle of Mayfair, is bringing action for damages against Gatti Brothers, managers of the Vaudeville Theater. The suit is the latest development caused by Miss May's jealousy over the prominence given Camille Clifford, in the play which relegates the supposed star to a minor position.

Senator Beveridge Ill.

Boston, Oct. 10.—Senator Albert J. Beveridge, of Indiana, who came here to speak at the dinner of the Republican Club of Massachusetts on Monday night, is suffering from a throat affection which deprives him of the power of speech. The effort made by the Senator at the big republican ratification meeting in Symphony Hall following the fatigue of travel, proved too much for him, and he is now under the care of a physician.

Killed by an Explosion of Gas.

Chicago, Oct. 10.—Milo Lauch was killed, another man is reported to have died and 18 or 20 others injured as the result of a terrific explosion of gas in a furnace in the Illinois Steel Company's plant in South Chicago today. A piece of slag choking up the vent in the furnace is said to have caused the explosion of gas.

Virginia Doctors.

The thirty-seventh annual session of the Medical Society of Virginia convened last night in Cabell Hall at the University of Virginia, with more than 100 physicians in attendance. After divine invocation the visiting doctors were welcomed by President Alderman, on behalf of the university, and by Judge R. T. W. Duke, jr. on behalf of the city. The annual address of the president, Dr. Lomax Gwathmey, of Norfolk, was followed by the reports of the officers and of various special and standing committees, after which an adjournment was had until tomorrow morning.

Tonight in the rotunda of the university a reception will be tendered the members of the society by the president and faculty of the university.

UNDERWEAR.

Skin Thoroughly Protected. Breathe Freely.

Abrupt and unexpected changes in the weather are now in progress. A freezing night is apt to follow an Indian summer day. At such a season of the year it is virtually important that the body be given proper protection especially is this true in the matter of underwear. Heavy outside clothing is of practically no avail, if the clothing next to the skin, if the underwear is not of the proper kind. The rules of health demand at this season of the year that the skin in addition to being thoroughly protected, should be allowed to breath freely. Our underwear combines these two most important features, and we are showing many different styles in Union and Two-piece suits for the whole family. Remember, a word of advice in time is worth much useless advice when it is too late. Now is the time to buy

Goodloe Underwear.

Below we mention a few specials of our low price garments:

The End of Books.

What brings about the end of books? Is it fire, water, worms? As every ship launched is bound to be wrecked, every theater to be burned, the finis of the book is its reduction to ashes. What became of the Alexandrian library? Did the Saracens burn it in 640? There is this question asked: Was there any library at Alexandria containing 700,000 books? Gibbon inclines to the opinion that there was no such library. Canon Taylor insists that if there had been a library it was burned in the time of Julius Caesar. Tradition seems to indicate, however, that there was a library in the serapeum, by no means a large collection, but whether destroyed by Theophilus or Theodosius is not known. It looks as if the charge brought against the Arabs rested on no foundation. Explorations of Alexandria in 1895-96 show no traces of the serapeum. The seaport of Egypt was built on a damp foundation, and granting that there was a library, if not destroyed by fire, then the papyri might have suffered from decay due to water. Books of today taken to India, to the southern states and to the West Indies perish through mildew.

Robinson Crusoe.

The second volume of "Robinson Crusoe," by Daniel De Foe, published on Aug. 20, 1719, was the first story published in England with illustrations. The illustrations consisted of a map of the world, in which the different voyages of the hero of the tale were delineated. The first volume of "Robinson Crusoe" was published in April, 1719, and became popular at once. A second edition was printed seventeen days after the first, twenty-five days later another followed, and a fourth was published on Aug. 8 of the same year. On Aug. 20 the second volume was issued under the title of "The Further Adventures of Robinson Crusoe; being the second and last part of his life and of the strange, surprising account of his travels round three parts of the globe. Written by himself. To which is added a map of the world, in which is delineated the voyage of Robinson Crusoe."

A Curiosity In Figures.

The following remarkable contribution to the curiosities of figures consists of two series of numbers, of which no description is necessary, as they speak for themselves. Perhaps there is no special profit in them, but they are worth preserving nevertheless:

1 times 9 plus 2 equals 11.
12 times 9 plus 3 equals 111.
123 times 9 plus 4 equals 1111.
1234 times 9 plus 5 equals 11111.
12345 times 9 plus 6 equals 111111.
123456 times 9 plus 7 equals 1111111.
1234567 times 9 plus 8 equals 11111111.
12345678 times 9 plus 9 equals 111111111.
1 times 8 plus 1 equals 9.
12 times 8 plus 2 equals 98.
123 times 8 plus 3 equals 987.
1234 times 8 plus 4 equals 9876.
12345 times 8 plus 5 equals 98765.
123456 times 8 plus 6 equals 987654.
1234567 times 8 plus 7 equals 9876543.
12345678 times 8 plus 8 equals 98765432.
123456789 times 8 plus 9 equals 987654321.

White Animals Can't Smell.

"Pure white animals," said a pet stock dealer, "have no sense of smell. Hence they are continually eating things that disagree with them, and in eight cases out of ten poison themselves and die. Pure white pigs should never be allowed to run loose in the fields and woods. For, without the protection of a sense of smell, such pigs, when they get out, eat all sorts of poisonous roots and berries and die off rapidly. "In Africa the white rhinoceros poisons itself by eating the euphorbia, and pure white sheep are difficult to rear because they are continually munching shrubs and grasses that don't agree with them."

Butler's Flag.

Feb. 21, 1866, General Benjamin F. Butler presented to congress the first genuine American flag, made of American materials by American labor, ever constructed in this country. Prior to that time all American government flags had been made of English bunting. Since then all our official flags have been the product exclusively of American material and labor. There were twenty-six stars in the flag at that time.

His Last Name.

A gentleman once asked a lad what was his last name.

"Johnny," replied the boy.

"Well, what is your full name?"

"Johnny Brown, sir."

"Well, how can Johnny be your last name?"

"Because, sir, when I was born my name was Brown, and Johnny wasn't given to me till I was a month old."

Is the Moon Inabited.

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure Headache, Biliousness, Malaria, Chills and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weakness. Unequalled as a general Tonic and Appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by E. S. Leadbeater & Sons, Druggists. Price only 50.

True and tried friends of the family—De Witt's Little Early Risers. Best for results and best to take. Dependable little pills They do not gripe or sicken. Sold by W. F. Creighton & Co., 401 King street.

All the good qualities of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is an unfailing cure for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. It allays the inflamation and goes straight to the root of the disease. Obstinate old cases have been cured in a few weeks. All druggists, 75c., including spraying tube, or mailed by Ely's Bros., 56 Warren street, New York.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
